

BIFOCAL LENSES

Two prescriptions in one lens

We offer an extensive range of bifocal lenses across a wide selection of material indices. With the combination of two prescriptions in one lens, the bifocal range caters for both distance and reading.

Although progressive lenses are often the lens type of choice now, there will always be more traditional patients, or those with particular visual requirements, who prefer to wear bifocals. Our range offers a wide selection of indices and lens types in D, R and C segments.

1.5 C28 CURVE TOP

Uncoated / Hardcoated / Infinity XT / Hydro+ / Blue Shield

TECHNICAL INFORMATION

N	Refractive Index:	1.498
V	Abbe Value:	58
	Density:	1.32
	UV:	355 (Up to 460*)

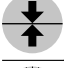

IMPORTANT INFORMATION

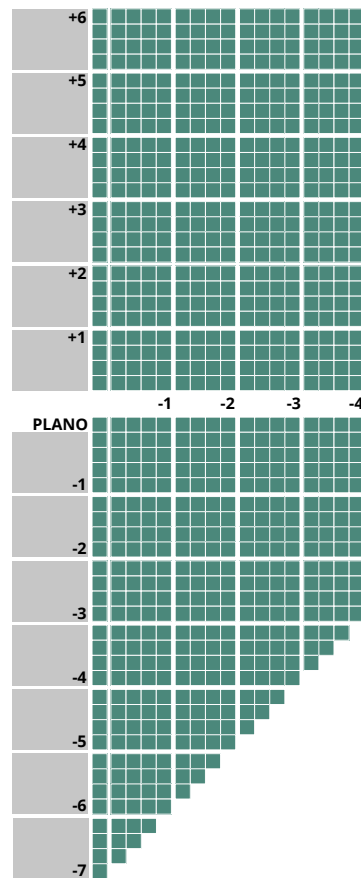

- Up to 4.00D of prism available
- Additions of +1.00 to +3.00 available
- Seg drop: 4mm
- Seg inset: 2mm
- Available to tint up to 85% absorption

DISPENSING RECOMMENDATIONS

- Not suitable for rimless glazing
